Time for a Fall Fix Up

The equity in your home can help complete your to-do list.

With summer wrapping up and the weather cooling off, now is a perfect time for home improvements. Thinking about updating your kitchen, replacing windows, or redecorating? The equity you have in your home could help you complete all your projects and make that dream come true.

No matter how long your to-do list is, home equity loans and lines of credit are great ways to find that little bit of extra cash to check off every item. Planning a few big projects? A home equity loan is a great way to borrow a specific amount. Want to have cash on hand when you find time to work on smaller projects? A home equity line of credit allows you to access your available credit when you need it.
